

# Meet The Chambers Networking Breakfast

## Wednesday 11th November 2009

Our Meet the Chambers Breakfast is an opportunity to network with other businesses in East Kent as well as meeting Chamber representatives from Shepway, Dover and Thanet.

Being long-established membership organisations Chambers of Commerce are fortunate in that we attract a wide and varied audience from the business community to our event programmes. This provides excellent networking opportunities for all those attending.

Joining your local Chamber of Commerce can significantly help your business grow and develop. Not only is this an opportunity to meet with fellow members and strengthen your business contacts, but this will also be a valuable update with Chamber of Commerce representatives to get the latest information regarding benefits and services.
